OCEAN SHORE TO PISCADERO, HINT

That the Ocean Shore Railroad company intends to extend its coast line to Pescadero, thus releasing from long isolation that little town in the center of San Mateo county's greatest farming area, is the well-defined rumor, thus far unsubstantiated, that is being circulated today.

It is reported that the company intends to start the work this coming summer, rushing it through to rapid completion. A survey of the proposed line, and part of the grading had already been completed when the great conflict of the price of steel skyrocketing and the plan was temporarily abandoned.

Pescadero residents say that such a line would prove a boon to them. At present they face many difficulties of transportation.

IN MEMORY OF THE FOUNDER OF U. S.

Throughout the United States today the anniversary of the birth of George Washington will be duly observed by a grateful people. His ideals have become a part of the history of the country. Today, however, the country is wandering some what from its teachings not to become entangled in European politics or mix in foreign affairs.

From the way we are entering into agreements with nations of the old world it would seem that we are rapidly getting away from his ideals in this respect. However, men and conditions change with time and after all, perhaps it is for the best interests of the country to do so. Washington was a man of vision, he could peer far into the future and may be he saw the titanic struggle which has just come to a close with all its horrors and hence his strong appeal for his countrymen to beware of entangling alliances with Europe.

The memory of Washington will grow with years, it will be revered and honored by those of other nations.

SAN CARLOS ITEMS

It was a great surprise and a great shock to many of the San Carlos people when we learned through the San Francisco papers last week that Mr. and Mrs. Fred E. Kendall had come to the parting of the ways in what every one had supposed was a happy and an unbroken matrimonial voyage, until both do us part. Of course our little community, like all others, is afflicted with a few of the wisecracks, those who delight in saying, "I told you so" and who now say that they knew the storm was brewing twelve months ago and that they had expected the finale to come any moment. But imagine them, keeping such an interesting morsel up in their faithful breasts until the climax upon us. Both Mr. and Mrs. Kendall have always taken an active part in the affairs of the community and it is to be hoped that the breach has not become so great that a reconciliation can be effected that will bring back to them an unbroken family. Both of them having the pleasure and delight in rearing and educating their two bright and handsome boys, the twins.

After many years service with the S. P. company in the lead department and his daily trips to and from San Francisco, Mr. R. J. Shields met with a very serious and painful accident last Monday evening while alighting from the train here about 6:30 in the evening. The extent of Mrs. Shields' injuries haven't been fully determined as yet, but it is expected that she will be confined to the hospital for several days and perhaps weeks. It appears that no one witnessed the accident and Mrs. Shields was so badly stunned at the time that she is unable to say just how she tripped and fell from the train while in motion. It is to be hoped that her injuries will not prove of a serious nature and that Mrs. Shields will soon be able to resume her work again.

After Mike Sheehan had read in the San Mateo Leader that the Ohio Building had become the rendezvous for Mr. and Mrs. W. W. W. he came to San Carlos in a state of excitement to learn what his deputy knew about it. After he discovered that the building was surgically impossible for the dangerous I. W. W.'s to find egress or ingress to the hide place our sheriff departed for Redwood in a better frame of mind.

Mr. Robt. Richie who recently retired from the army, but who is employed as traveling auditor for the S. P. company was here last Saturday to check the agent's accounts and gave him a clean bill of health for the next six months.

Mr. Geo. W. Harrison for many years in the employ of the S. P. company as agent at Los Gatos, Aptos and Colma but who was retired on a well-earned pension about three years ago was here for a visit with his old friend Coghill last Saturday.

Mr. and Mrs. J. H. Shaffer and Mrs. Shaffer's sister, Mrs. J. T. Conway, who came up from Arizona to visit with their parents, Mr. and Mrs. Botterell have gone to San Jose for a few days visit. Mr. Shaffer is considering remaining in California and establishing himself in the garage business.

Mr. T. J. Winters, a special officer of the S. P. company, was here to investigate the probable cause of Mrs. Shields' accident last Monday.

Mr. Fred H. Drake, manager of the San Carlos and Hillside properties, and one of the most successful legitimate land promoters that ever came into these diggings brings the good news that Mr. Samuel Schooley will soon commence the construction of an up-to-date bungalow on this property on Cypress avenue, near the Dranzy Jones place; and that Robt. E. Johnston the concrete contractor is expected to start his home on Sycamore street very shortly, the material being already on the ground.

Mr. Drake also announces that the plans are all ready and in the hands of the contractor for the erection of four modern bungalows on the properties of the company in different parts of town all of which have been sold.

BIG MASS MEETING TONIGHT

Everybody is welcome at the big mass meeting tonight, when the citizens of Redwood City are welcoming home some of the boys who have been in the service.

The meeting will meet on Main street at 7:30, near Cullen's Feed store and will be escorted to the Theatre by the Home Guard, arriving there at 8 o'clock.

The program for the evening is one of much interest to all and a large crowd is expected. Thomas Reed, formerly city manager of San Jose, now practicing law in San Francisco and teaching in the University of California, will be the first speaker, and his reputation for good talking guarantees a fine discourse. A feature of the night will be some community singing under the direction of O. M. Carrington. Mr. Edward A. Vaughn, a special worker in social service and social centers, will be another speaker and he will bring to the people of Redwood City the news of the Community Council.

It is expected to have Stanton Mallen relate some of his experiences while in France and as he is good at this everyone will be interested in what he says. There will also be moving pictures of an interesting crowd.

Make it your business to come and bring as many as you can and carry the word to all who have not heard of it.

MR. FEE'S RESIGNATION NOT ACCEPTED BY N. S. G. W.

Yesterday A. S. Ligor received the following letter which is self-explanatory:

A. S. Ligor Esq., Redwood City, Cal.—Dear Sir and Brother:—It may be of interest to you to be advised that yesterday evening, at an informal gathering of Grand Officers, at which all were present save Bro. Snyder, Traeger and Free, the ten Grand Officers present voted their unanimous sense that the resignation of Bro. Free as Grand Trustee should not be accepted and that the Grand President should so notify and advise him that the Order expected him to complete his term, and visit the Parlor assigned to him; and further, that if Bro. Free persisted in tendering his resignation and refused to further consider himself a member of the members of the Board in and around San Francisco would visit the Parlor in question and elect no successor to Bro. Free.

I regret very much that Bro. Free's resignation would not have made two vacancies on the Board for I am sure it would have been accepted if only one of you had been a candidate for the vacancy, or if both could have been elected I know I was still in doubt as to what my vote was going to be when meeting time, I wanted to vote for both of you.

Very sincerely and fraternally yours,
FRED H. JUNG,
Grand Secy. N. S. G. W.

GETTING AFTER BOLSEVIKI

National interest surrounds the so-called bolshevik meetings, which have been held in Washington, D. C., and which many Senate and House leaders feel are spreading through out the country. In order to combat this so-called lawless propaganda, the Senate adopted a resolution which extends the powers of the Senate Committee on the Judiciary, which is now investigating German propaganda, to investigate other activities, which it is charged, are attempting to incite the overthrow of the Government. In direct connection with this resolution, Senator Miles Poinsett introduced a resolution in which the Attorney General is called upon to report whether an investigation is being made concerning these meetings in Washington and what steps were taken to enforce the law in the District of Columbia.

"Preservance," His Middle Name

Senator Hiram W. Johnson, of California is not to be sidetracked in his attempt to get American soldiers out of Russia at the earliest possible and practicable moment. Administration forces succeeded, recently, in blocking the discussion of Senator Johnson's resolution. Senator King of Utah, objecting to its consideration, Johnson tried to get an immediate vote on the question but the motion was ruled out of order by Vice-President Marshall. That the California Senator is determined to bring the matter to a vote is demonstrated by the fact that he says he will call up the resolution every day until he gets a hearing.

WINDMILLS OF HOLLAND

Prof. Otis M. Carrington will take one of the leading parts in the revival of his popular opera Windmills of Holland, which will be presented at the Alhambra, Feb. 28. The epidemic last fall interfered with the presentation as scheduled, but it is to be given on the 28th of this month. Instead of the money going to the music fund of the High School, the entire net proceeds will be donated to the Red Cross. A great many of Mr. Carrington's friends think the Windmills of Holland his best opera and it is predicted that this production will draw a crowded house. The tickets are in the hands of the members of the Red Cross and a few of the High School students. Reservations will be made as usual at Ryan's Drug Store on the 24th. Show your interest in the High School activity and help the Red Cross at the same time.

OTTO REICHAERT, DUCK KING, IS COMING TO RUNNYMEDE

The largest duck raiser in the world has selected fifteen acres in Runnymede as a site for a duck ranch. He will put in a branch ranch from his large central plant near Colma, and says that it is his intention to move his entire plant there as fast as he can. This will mean an investment of several hundred thousand dollars. Lumber will be shipped in on the Spurr Track at once, and work will soon begin. The site selected lies between Spurr Track and Bay Road. Mr. Reichardt has also reserved the first right to buy the 31 acres lying next to the bay which will give ample room for growing green feeds and expanding the business.

An enterprise of such gigantic proportions means much to Runnymede. To have the largest duck farm in the world will help to place Runnymede on the map. Runnymede is already attracting the attention of the world as the most intensive poultry colony in existence. Poultrymen of large experience are beginning to realize the many advantages of Runnymede as a poultry center.

Otto Reichardt markets at present from his duck farm, 3000 head of ducks per week, at the rate of \$15 to \$20 per dozen. He buys feed by the car load direct from farmers.

PUBLIC WELFARE WORK

Under this heading the Times-Gazette will publish weekly articles furnished by the San Mateo Conference of Social Agencies dealing with Public Welfare Work.

Poor Business

It is good business for us to spend our money in a hopeless effort to support the antiquated methods of administering charity? If we would use our funds for constructive work, such as correcting physical defects in the children, giving them healthful recreation, and making sure that they were having sufficient nourishment to be normal individuals, we would have far less to spend on state institutions, jails, homes for the blind, the feeble minded, the insane, etc.

These we must have, and while we permit the present waste in human energy, we do not begrudge these institutions the appropriations they ask for. They are but the result of our present methods.

We are a young state and yet the biennial appropriation for the support of our insane asylums is alone \$6,000,000.

Ten years ago, the same appropriation was approximately \$2,500,000. This is to say the least, poor business. Why not turn our children, and, if need be, aid their parents, to understand American standards? The need is great. When will the public co-operate for a sane method of accomplishment? The most important work of the Public Health Service is a vigorous campaign of publicity and education in the interest of public health, to make the community realize that the most expensive thing in the world is ill health, expensive to the individual, the state, the nation and the race.

J. J. MACHADO WILL FILED

IN MEMORY OF LATE JOSEPH H. NASH

The following lines are in memory of Jos. H. Nash, our late esteemed and beloved County Clerk, who passed to his eternal reward on January 30, 1919.

KINDNESS

It was only a sunny smile,
And little scattered the night
Like morning light
And made the day worth living.
Through life's dull warp a woof it wove
In shining colors of hope and love;
But the angels smiled as they watched above,
Yet little it cost in the giving.

It was but a kindly word;
A word that was lightly spoken,
Yet not in vain,
For it stilled the pain
Of a heart that was nearly broken.
It strengthened a faith beset with fears
And groping blindly through mists of tears,
For light to brighten the coming years,
Although it was lightly spoken.

It was only a helping hand,
And it seemed of little availing;
But its clasp was warm,
And it saved from harm
A brother whose strength was failing.
Its touch was tender as angels' wings
But it rolled the stone from the hidden springs,
And pointed the way to higher things
Though it seemed of little availing.

"Blest be the tongue that speak no ill
Whose words are always true,
That keeps the law of kindness still
Whatever others do.
Blest be the hands that toil to aid
The great world's ceaseless need
The hands that never were afraid
To do a kindly deed."

"He that is faithful in that which is least
Is faithful in that which is much."

THE LOAF SEEMS BIG

when it comes from our oven. But just note how rapidly it will disappear when it appears on your table. You never knew before how big bread eaters your family could be. That's because our bread has a real flavor and loavesomeness. Try a loaf and you'll enjoy it as you never did bread before. Pies and Cakes.
